Re: AAA Waiver Signing Authorities

Commencing in the 2019-2020 season and here forward, all “AAA” teams, clubs and associations within the Ontario Hockey Federation are to use Electronic “AAA” Hockey Waivers rather than the printed versions used in previous years.

In order to be eligible for a “AAA” Waiver, a player must register for “AAA” try-outs, attend “AAA” try-outs in their appropriate age division and not have signed or been offered a card to sign with that club / association / zone team. For an adjacent AAA club / association / zone team to permit a non-resident player to try-out the player must provide a copy of the Electronic “AAA” Waiver either printed or emailed. Players not signed or offered a card in accordance with OHF Regulation E32 are entitled to apply for a “AAA” Waiver, and no request for this waiver shall be unduly denied or delayed. In the Lake Ontario Region the card must be offered in accordance with OHF Regulation E59.

All “AAA” Waiver emails must be sent to the parent or guardian of the player, as well as the OHF “AAA” Waiver contact (aaawaiver@ohf.on.ca), and must include an email subject line of “AAA” Waiver – Player Name, and within the body of the email include the player name, player DOB, identified status of goaltender (yes or no), residence (city), division / team and who the “AAA” Waiver has been issued by.

The President or delegate of each club / association / zone team must provide the “AAA” Waivers. The president does however have the freedom to authorize another executive member(s) to provide the “AAA” Waivers for all AAA teams within the club / association / zone team, or alternatively the Head Coach or Manager of the team at each Division to provide the “AAA” Waivers.

The Electronic “AAA” Waiver must be emailed to the parent by the President, or delegate, the day immediately following the player being released and within the specified timeframes:

- No later than 12:00 PM on the following day if the tryout takes place Sunday to Thursday.
- No later than 9:00 AM on the following day if the tryout takes place on Friday or Saturday.

A complete list of approved delegates that are authorized to provide “AAA” Waivers for each club / association / zone team, and which Division(s) each delegate is authorized for, for the 2019-2020 season can be found online at: [OHF ‘AAA’ Waiver Signing Authorities.](#)

Please refer to the attached OHF Electronic ‘AAA’ Hockey Waiver policy for more information.

Reference Guide to OHF AAA Adjacent Zones (2019 - 2020)

1. Use of Chart: The AAA associations listed below the underlined association are considered to be adjacent to that AAA zone. I.e. a player in possession of a valid waiver from Barrie is eligible to tryout with Grey Bruce, North Central and/or York Simcoe.
2. AAA Centres in CAPS are part of the "Lake Ontario Region". A Waiver from a "Lake Ontario Region" AAA Program in compliance with OHF Regulation E42 makes a player eligible for any AAA program in the "Lake Ontario Region", subject to import quotas on those "Lake Ontario Region" AAA teams.
3. NOHA Resident Players will utilize the NOHA Permission to Skate/Release in place of the AAA Waiver. Once received, they are eligible to tryout with North Central Zone and follow the OHF AAA Waiver process.
