Dear OHF Members,

During the development and roll out of the Gender Identity and Expression Course it has been discovered that the HCR limits the choices in the Gender field to a selection between Male and Female.

We are currently working with Hockey Canada to adjust this section of the HCR and any changes will be made before the end of the 2017-18 season. It would have been ideal to have had this addressed prior to the launch of the education program this past week, however, due to requirements of our settlement we were forced to launch the education portion prior to having the HCR adjusted to align with the education component.

We appreciate your patience and support in delivery of the Gender Identity and Expression Course and we are continuing our efforts to make the roll out as smooth as possible.

Sincerely,

Phillip McKee  
Executive Director  
Ontario Hockey Federation
