IN MEMORY OF IAN D. DOUGLAS

It is with deep sorrow that the Hamilton Huskies announce the passing of Ian Douglas.

"Ian was an incredible volunteer in his position as Head Trainer for the Hamilton Huskies, but more importantly he was an incredible person who was committed, always willing to help anyone in need and a joy to be around. Ian will be greatly missed." *Mike Spadafora*

As well as his duties as Head Trainer Ian spent many years working with Chris Jedrzejewicz as Team Trainer and prior to that with several teams in the former HUB League.

When the HUB League merged with the Hamilton Huskies Ian sent Chris an email looking to help as a team trainer. The following excerpt from that email says a lot about the person Ian was.

"My aspiration is to teach and motivate our players to successfully work together with one another as a team and show respect to each other, other teams, officials, and coaching staff. I want to see each player grow to their maximum potential and learn to make good decisions both on and off the ice. I also want to ensure a safe environment is maintained during the game. Safety of the players is my first priority."

Ian was a member of the Canadian Medical Corps, and a paramedic supervisor in Hamilton for thirty-four years. But his passion was hockey. He brought all his experience to the rink every game, practice, and tournament. Nothing could have ever stopped him from being there for the players.

"I have never experienced someone with that much dedication. He was an inspiration to the players and staff. His charm and witty personality brought a smile to everyone around. He will truly be missed but will never be forgotten" *Chris Jedrzejewicz*

Our prayers and deepest condolences are extended to Ian's family and friends.

Thank You Ian

HURON PERTH LAKERS

THANK YOU, WINDSOR AAA ZONE,
FOR HOSTING
THE 2022 U14AAA FACE OFF!

PLAYER SAFETY – TRANSITION TO BODY CHECKING

The transition from U13 hockey without body checking into U14 hockey with body checking can be a challenge for participants, parents, officials, and administrators alike!

Player Safety is paramount, and we must remember that Body Checking is a skill used to separate the player from the puck. The onus is on the player who is making the hit, to ensure that this is accomplished within the rules and that the opponent is never placed in a vulnerable position where injury could occur. Hockey is a contact sport, and all participants must compete with **RESPECT** and never with the intention to injure an opponent.

A collaborative effort between all members, including officials, coaches, players, and parents is required to ensure player safety is always a top priority.

Have a great season U14AAA Teams!
